

RISHI KUMAR

Full Stack Software Engineer

Noida, India — +91 7838776066 — rishikm215@gmail.com — LinkedIn — GitHub — Portfolio

SUMMARY

I am an undergraduate Computer Science student with a strong foundation in backend engineering and hands-on experience building secure, scalable RESTful services using Node.js, Express.js, and MongoDB. Skilled in authentication, data modeling, and deploying production-ready applications. Focused on clean architecture, reliability, and system scalability, along with the ability to learn from feedback and implement structured and readable coding practices.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, TypeScript, Python, C++

Backend: Node.js, Express.js, RESTful API, JWT, Role-Based Access Control for Authentication and Authorization, API Design, MVC Principles

Frontend: React.js, HTML, CSS, Tailwind CSS, Bootstrap, Responsive Design

Databases: MongoDB (Schema Design, CRUD, Indexing)

Tools & Platforms: Git, GitHub, Vercel, Railway, Render, Postman, Production Deployment

PROJECTS

SYRANX — AI Conversational Platform

[Live Demo]

- Full-stack AI chatbot with persistent memory and thread-based context management.
- Built a React frontend with secure Node.js and Express.js backend APIs.
- Designed MongoDB schemas for efficient message storage and retrieval.
- Implemented JWT-based authentication to isolate and protect user data.

ROOMORA — Travel Places Monitoring Platform

[Live Demo]

- Full-stack platform to monitor travel destinations and user reviews.
- Developed backend APIs using Node.js, Express.js, and MongoDB with validation.
- Implemented secure authentication, authorization, and custom error handling.

SIMON SAYS GAME — Memory Training Game

[Live Demo]

- Interactive Simon Says game with dynamic sequence generation.
- Implemented input validation and score progression logic.
- Designed a responsive UI with visual and audio feedback.

POSITIONS OF RESPONSIBILITY

Google Developer Group (On Campus)

Web Development Team Member

- Conducted three technical workshops on web development fundamentals.
- Mentored students and improved their technical proficiency through hands-on guidance.

ACHIEVEMENTS

- Achieved recognition in 5 hackathons by collaborating with diverse teams to develop innovative solutions that addressed real-world challenges. Demonstration of teamwork and collaborative skills

EDUCATION

Bachelor of Technology in Computer Science Engineering

Mahatma Gandhi Mission's College of Engineering and Technology, Noida

Current CGPA: 8.2

Year: 2nd
